

Prince and his party left the game shortly after the second half began.

Vice-President-elect and Mrs. Fairbanks occupied seats on the West Point side of the field.

The Secretary of the Navy was the center of a large group in a box on the navy side, and opposite him on the army side sat acting Secretary of War Oliver.

Near him were Lieutenant-General and Mrs. Chaffee, Miss Chaffee, Sir Mortimer Durand, the British ambassador; Mrs. Durand, Miss Durand and Miss Taft. Seated in the other boxes were Secretaries and members of various foreign embassies.

The Line-Up.

The scene, which previous to the game, had been inspiring, was turned into a grand pageant, after the battle. The army had preceded by their band and followed by thousands of persons, circled the field time and again, while the navy band was busily rendering "The Army and Navy Forever." At the close the army had formed a large circle extending from one side of the gridiron to the other, with a flag guardian in the center, and a grand rush for the emblem which all are thought to honor. It was the culmination of a great game and a brilliant social event. The teams lined up as follows:

West Point. Positions. Annapolis. Hammond.....left end.....Howard Torney.....left tackle.....Doherty Doer.....left tackle.....Fancy Drayton.....left guard.....Goss Tipton.....center.....McClintie Seagraves.....right guard.....Piersol (Woodworth) Mettler.....right tackle.....Grady (Pearson) Gillespie.....right end.....Whiting (Dague) Gary.....quarter back.....Norton (Wilcox) Prince.....left half back.....Spencer (Bernard) Hill.....right half back.....Smith (Watkins) Touchdowns: Tipton, Torney. Goal from touchdown: Doe. Referee: Wrightington. Harvard. Umpire: Wrenna. Harvard. Linesman: Hara. Penalties: Time of halves, thirty-five minutes each.

FARMERS' INSTITUTE.

Salvation Army to Build Permanent Headquarters.

(Special to The Times-Dispatch.) NEW YORK, N.Y., November 26.—Arrangements are being completed for a farmers' institute, to be held in this city on December 5th and 10th. The matter was discussed at a meeting held last night, at which the following were present: A. O. Mauk, of the State Board of Agriculture; A. L. Powell, president of the local Chamber of Commerce; D. S. Jones, president of the City Council; L. B. Manville, superintendent of the Old Dominion Land Company; Edwin Phillips, T. M. Benson, C. C. Thompson, of New York, and E. C. Madison, oyster inspector for Warwick county.

Farmers from all over the lower end of the Peninsula are expected to attend the institute, and some fine exhibits will be shown. At the next meeting of the Chamber of Commerce prizes will be offered.

Among those who will attend the convention and deliver addresses will be: Commissioner G. W. Kellogg, Professor S. N. Hoopes, of Charlottesville; Dr. S. H. Hoopes, State veterinarian; J. G. Enright, of York county; E. T. Martin, of Tazewell, and Albert Howe, of Charlottesville.

The first of a series of lectures on the life of Thomas Jefferson will be delivered Monday night by Professor W. A. R. Lins, supervising principal of the public schools of the city.

Captain Bennett, in charge of the local headquarters of the Salvation Army, has applied for and obtained permission to hold services in the city jail on Sundays.

The work of the Army here has met with marked success and is being given the support of the most substantial people. When in New York recently, Captain Bennett was presented with a lot at the lower end of Washington Avenue, by President C. B. Orent, of the Old Dominion Land Company, and the Newport News Ship-Building and Dry-Dock Company. On this lot permanent quarters will be erected as soon as possible.

TURKEYS SCARCE.

Apparently Not Many Left Over for Christmas.

The prices on the markets are holding firm, and there has been little, if any, decrease, since Thanksgiving.

The best turkeys are scarce, and are in great demand, the prices ranging about the same. Wild turkeys are very scarce.

Birds are about the same at \$2 a dozen, and there is a fairly good supply of them. Salmon, trout, Spanish mackerel, James River perch, sheephead and rock fish are selling at good prices, but are somewhat scarce.

The commoner kinds are plentiful. Chickens are plentiful; large fowls selling at 12 cents a pound and small fowls at 14 to 15 cents a pound. Fruit is very plentiful. Florida oranges are selling from 25 to 30 cents a dozen. Bananas are in good supply. Plantains are selling at 20 cents for three pounds.

Fancy apples are selling from 25 to 40 cents a peck, and lower kinds are selling at 15 to 25 cents a peck. Oysters are plentiful and in good demand.

Eddie Clarke Changes.

Eddie Clarke, the popular young comedian with the "Mrs. Delaney, of Newport," Company, left that company after the performance last night to join "The Seminary Girl," a big musical comedy, now being released in New York.

Harry Barnham will succeed Mr. Clarke in the "Delaney" piece.

The "Seminary Girl" will be seen here later in the season. It will be under the management of W. B. Raymond, and some of those in the company will be the Gorman brothers, John Young and Miss Nina Randall, all well known stars in their particular line.

Mr. Clarke was here last season with George Sidney.

LOCALS PLAYED FAST FOOTBALL

But Indians Win Championship of Richmond—The Score Ten to Nothing.

BACHE HAD TO RETIRE

Hurt His Knee Severely—Barton Heights Was Also Outweighed.

The Indians won the local football championship by defeating the foot-ball team from Barton Heights yesterday afternoon by a score of 10 to 0.

The game was played at Broad Street Park before a crowd of about two hundred, whose presence on the field instead of in the grand stand greatly interfered with the playing of both teams.

The Indians greatly outwitted their opponents, probably as much as five pounds to the man, but the suburbanites proved as plucky in foot-ball as in baseball, and did remarkably well to keep the score so low.

The victors, too, were greatly strengthened by Mills and Trevillian, of Randolph, who played last year with the University of North Carolina.

The game began at 3:30. Barton Heights kicked off, and the Indians had scored a touchdown in ten minutes by the end of the first half. The Indians then scored a touchdown in ten minutes by the end of the first half. The Indians then scored a touchdown in ten minutes by the end of the first half.

The game ended with the Indians having it on Barton Heights' forty-five yard line.

Bache Had to Retire.

Barton Heights was crippled by the loss of Bache, one of her best backs, who had to retire on account of an injured knee.

At the beginning of the second half Barton Heights obtained the ball on a punt, and carried it some distance down the field, but by another costly fumble on their part, lost it, and in a few minutes the Indians, by the good work of Mann and Mills, crossed their opponent's line for the second and last touchdown of the game.

Agains was Trevillian's try for goal unsuccessful. During the last possession of the ball, Trevillian was fouled by the Indians and then the other, and the game ended with the Indians having it on Barton Heights' forty-five yard line.

The contest was thoroughly enjoyed by the spectators and absolutely free from serious accident to players or other persons. For the Indians, Mills, Trevillian and Mann played best, while Greene and the Baches did most of the ground gaining for Barton Heights.

The line-up was as follows:

Position. Barton Heights. Cross.....right end.....Childrey Trevillian.....right tackle.....Belvin Faircloth.....right guard.....Duggan Johnson.....center.....Gruber Simon.....left guard.....Parrish Mills.....left tackle.....Lantz Cullinan.....left end.....Lack Herbert.....quarter back.....Rose Plaup.....right half.....H. Bache Mann.....left half.....C. Bache Diggs.....full back.....Gruber

Time of halves, twenty and fifteen minutes; touchdowns, Mills and Mann; referees, J. B. Wood, Jr.

OFFICER HAS A DESPERATE FIGHT

Big Man, Believed to be a Burglar, Captured by Kellam.

CLUB AND PISTOL SEIZED

But Plucky Policeman Got Both Back, as Well as His Man.

Policeman Kellam made what may prove a most important arrest early yesterday morning, when, after a desperate fight, he landed a big, brawny young man giving the name of Thomas Ryan.

The officer was in the vicinity of Thirteenth and Main Streets when he heard the sound of breaking glass. The noise came from the direction of Fourteenth Street, and the officer hurried that way.

As he reached the corner he saw two men going down Fourteenth Street, and was about to start in pursuit when a third man suddenly appeared, as though he had just come out of the door of K. Fisher's store, 55 1/2 the corner.

Kellam started after the man, who began to run. Near the middle of the street the officer reached out for his man, who is much larger than Kellam, and a scuffle ensued. The policeman got his man down, but his club and pistol had been dropped in the scuffle and were out of reach.

While they were on the ground and the officer was vainly attempting to get the nippers on the big man, the two men who had gone down Fourteenth Street reappeared. One of them picked up the club and threw it across the street to the gutter. He then picked up Kellam's pistol, put it in his pocket, and started up Fourteenth Street toward Franklin.

With a mighty wrench, Kellam broke loose from the big man and ran a few yards after the man who had his pistol. He recovered the weapon from the man, who offered no resistance, and returned to his prisoner, who by that time had arisen from the ground.

Just as Kellam reached the man he received a stunning blow, which put him down. He was not out, however, but was quickly on his feet, in close pursuit of the man, who was running rapidly away.

Kellam struck the man several blows with his club, and after a short sprint, with the aid of Policeman Zimmer, the man was landed and carried to the First Station.

Investigation showed that Fisher's glass door had been broken, but that entrance had not been gained, and that the window of A. Norrwey's store, No. 172 East Main Street, had been broken and robbed of three watches. One of the watches was found on the prisoner, and in the Police Court yesterday Ryan's case was continued to the 6th of next month.

The other two men disappeared when Kellam went in pursuit of Ryan.

What New Governors Think.

In an interview on November 12th, Mr. William L. Douglas, the Governor-elect of Massachusetts, testified that during the campaign he had been assured that 20,000 union laborers would vote for him, together with more than 10,000 who had previously voted for Socialist candidates.

According to Mr. Douglas's information, it was the first time in American politics that it had been arranged to throw the labor vote of a State almost solidly for one nominee. Mr. John A. Johnson, Governor-elect of Minnesota, in an interview which took place on the same day, had nothing to say about the labor vote, but ascribed his victory to the fact that the people of Minnesota regard the Republican organization as a servant of the railroad corporations. They were evidently convinced, however, by the proceedings of the Federal government against the Northern Securities merger, that Mr. Roosevelt personally could not be controlled by railway corporation influences.

Mr. Joseph W. Folk, Governor-elect of Missouri, who was interviewed on November 11th, recognized that Mr. Roosevelt's individual popularity was a great factor in the result so far as Missouri was concerned. It is already probable that Governor Folk will be put forward, not only by Missouri, but by many other States, as a candidate for the Presidential nomination for the presidency four years hence.—Harper's Weekly.

Costly Clothes.

A tailor named Guldning died in Dublin the other day. It was he who made the suit of clothes for William O'Brien when O'Brien was in Tullamore jail. O'Brien refused to wear a prison suit and remained unclothed in his cell for several days. One morning his keepers were surprised to find him wearing a suit of tweed. It had cost \$7.50 to get the suit to him, however.

The French Navy.

The French naval programme insures that in 1908 France will have twenty-eight battleships, twenty-five battleship cruisers, thirteen armored coast guard ships, six first-class cruisers, fifteen of the second and thirteen of the third class, besides smaller craft, among which will be sixty submarines.

Innovations in England.

An English educational society which declares that people ought to live in and use their "front rooms" has created a sensation. The London Express remarks: "Such a reckless suggestion is calculated to undermine the very foundations of lower middle-class home life in this country; the front room being sacred to 'company' over there. Next thing it will be suggested that the British wear their 'best clothes' every day."

Pretty Home Wedding.

One of the prettiest home weddings of the season was celebrated on Tuesday evening at the residence of Mr. and Mrs. L. R. De Larue, when their daughter, Miss Belle May De Larue, was married to Mr. Henry L. Lowry.

The bride, a very pretty and charming young lady, was exquisitely attired in a dainty gown of white satin, draped with white lace, and embroidered with sprays of brilliants. She carried a handsome bouquet of bride roses. The maid of honor, Miss Lottie Layna, was attractively gowned in white silk, with chrysanthemums.

After the ceremony the happy couple held a most enjoyable and home-like reception for the numerous friends who witnessed the blinding of the tie that made them one. Many costly and handsome presents attested the popularity of the bride.

Mr. and Mrs. Lowry left on the night train for an extended trip to Philadelphia, New York, and other Northern cities. When they return they will receive their friends at their home residence, No. 613 West Marshall Street.

The Mastodon in Indiana.

The theory that mastodons roamed the Kaniksee Valley, Indiana, in prehistoric times, has been explained by Professor Eugene C. Peck, of the Field-Columbian Museum, Chicago. After thorough investigation of the mastodon bones found in La Porte county, and after weeks of digging for the remainder of the skeleton without success, Professor Peck has located the bones were brought down by glacial drifts.
